Abida

Once all of our freight movements are completed and no query reimburses us, we will reconcile charges, credits, and debits accordingly.

Subject: Demurrage Invoices

Jame,

Here are the invoices pertaining to trucks demurrage charges (TF Strike, Curahee, Retro 11 and SMU ONE). Last time I have already sent you the TF Strike one and if you see that bill no item has been missed to be calculated, 25 days demurrage (attached the update one)

Could you update us the status of the payments for Extra charges and second transact?

What is the status of the units which we have handed them over to your new party? How may units were moved so far?

If any question do not hesitate to contact me

Regards
