Discipline shall be administered uniformly, consistently, and in a nondiscriminatory manner in accordance with the School Board's Student Code of Conduct.

Principals shall have both the authority and the duty to take disciplinary action when the behavior of a student or a group of students seriously disrupts the maintenance of a proper atmosphere for learning within the school. Each teacher may take disciplinary action to correct a student who violated school rules or who interferes with an orderly education. The disciplinary action taken by a teacher shall be in accordance with the School Board's Student Code of Conduct. The School Board.

Upon a student being removed from class and sent to the principal's office, the principal or designee shall advise the student of the particular misconduct, as well as the basis for such accusation, and the student shall be given an opportunity at that time to explain his/her actions. The principal or designee shall then conduct a counseling session with the student as may be appropriate to establish a course of action, consistent with School Board policy to identify and correct the behavior for which the student is being disciplined.
